A GREAT BOAT RACE.

The Intercollege Race Record Broken
on the Hudson.

CORNELL WAS FIRST.

All the Way from Start to Finish There
Was a Fierce Struggle Between
Cornell, Columbia, Wisconsin and Georgetown.

Poughkeepsie, N. Y., July 3.—The
Varsity boat race over the Hudson river
Tuesday resulted as follows:

Cornell, first; time, 18:15 1-5.

Columbia, second; time, 18:58.

Wisconsin, third; time, 19:06 4-5.

Georgetown, fourth; time, 19:21.

The best previous record for Varsity
eight was 19:44 3-5. No time was taken
for Syracuse and Pennsylvania who
were many lengths behind.

Not only was a new record for Varsity
eights made but it is more remarkable
that the four leading crews in the
race each broke the old record by many
seconds.

The varsity race was one of the fiercest
struggles ever witnessed in college
aquatics.

It was evident before 25 strokes had
been rowed that the pace cut out by
Cornell, Wisconsin, Columbia and
Georgetown was too much for the light
Syracuse crew and the Pennsylvania,
for they began to fall behind into a second
section.

At the mile Cornell had taken the
lead away from Columbia and had about
a length advantage. From the mile
and a half point to the three mile it
was the most remarkable feat of endurance
and skill ever witnessed. Cornell
kept the nose of her shell just a scant
half length in front of Columbia, who
with her stroke and a clean running
boat made desperate efforts to reach her
rival. Wisconsin, a half length behind
Columbia, made equally great efforts,
but they seemed to be of no avail, and
Georgetown held on to the trio with a
tenacity that won the plaudits of the
spectators.

Then Columbia hit up the swing and
and her boat, in less than five seconds,
had evened up with Cornell and in another
five had shoved its nose 10 feet to
the front. From the observation train
up a mighty roar "Columbia wins" but
Cornell raised its stroke slightly and
taking the lead until, when the line
was crossed they had a length and a
quarter advantage over Columbia. Wisconsin
had found herself unable to get
any more speed in the last mile and finished
two lengths and a half behind Columbia.

Georgetown had hung in like manner
but finished only a scant two lengths
behind the Wisconsin crew. Syracuse
and Pennsylvania were distanced.

The 4-oared race was won by Cornell
and the freshman race by Pennsylvania.

Charged with Infanticide.

Eureka Springs, Ark., July 3.—States
Attorney Maples has filed information
charging H. Buris and wife, living in
this county near the Missouri line, with
the murder of their daughter. Several
days ago Buris notified the authorities
that his daughter committed suicide and
the constable found the body badly decomposed
near home. In both hands
was clasped a pistol and through her
head was a bullet hole. The coroner's
jury obtaining no evidence, the verdict
was suicide or shooting by parties unknown.

Over Two Blocks Burned.

Willimas, A. T., July 3.—A fire in a
general merchandise store here entirely
wiped out the main portion of the town
two entire blocks and a portion of another.
A conservative estimate of the
loss is \$100,000. The insurance covers
only a small portion of the loss. There
was no loss of life so far as known.
There was virtually no water supply
and no fire department.

Wife and Husband Suicides.

Hot Springs, June 3.—Mrs. Fannie
Wilson committed suicide here Tuesday
by taking morphine. Her husband,
known as "Tex" Wilson, upon hearing
of his wife's act, left and soon after his
dead body was found in the suburbs.
An investigation showed that death ensued
from morphine poisoning; self administered.

Tod Carver Captured.

Phoenix, A. T., July 3.—Sheriff Sear-
borough and a posse of Apaches have
captured Tod Carver, alias Hillyard,
charged with the murder of Frank Les-
ser and Andrew Gibbons near St. Johns,
over a year ago. Officers have pursued
Carver all over Texas, New Mexico and
Arizona.

Secretary Elected.

Atlanta, July 3.—M. M. Welch was
elected corresponding secretary of the
Baptist Home Mission board to succeed
the late Dr. F. H. Kerfoot. Mr. Welch
is a prominent Atlanta business man
and a member of the aldermanic board
of that city. He is a deacon in the Second

Baptist church.

Killed by Lightning.

St. Louis, July 3.—Lightning killed
three men, fatally injured a boy and
seriously injured a man and a boy,
members of a St. Louis fishing party,
on the banks of Dead creek at Camp
Monauk, Ills.

Postmaster of Prescott.

Washington, July 3.—The president
has appointed Jack Grayson, postmaster
at Prescott, Ark.

FIRE IN ARIZONA.

Fourteen Buildings Destroyed and Many
Families Rendered Homeless.

Globe, A. T., July 3.—Fourteen build-
ings were destroyed here by fire of an
unknown origin and 10 families of
miners are homeless. Loss \$80,000.

Smoke was discovered issuing from
an upper window of the block owned
by T. J. Morris & Son late Tuesday and
before the fire department arrived the
flames were coming through the roof
and also eating their way downward
into the general store on the first floor,
where several barrels of oil was stored.
Knowledge of the explosives kept the
fighters at a distance until the oil had
ignited and it was considered safe to
venture nearer the house. Such head-
way had been gained, however,
that the department and citizens who
volunteered to aid, confined their efforts
to saving the furniture and contents of
the dwellings and other store buildings
nearby. A stiff wind carried the flames
leaping from housetop to housetop so
rapidly that in a short time a dozen
buildings were burning and there was
danger of the whole town going. Se-
lecting a point on Main street about
five houses away from the edge of the
flames, a dwelling was blown up with
dynamite and in this manner the town
was saved from total destruction.

CHINESE TAKING CHARGE.

The Allied Troops Are Transferring the
Control of Peking to Chinese.

Pekin, July 3.—The British and Jap-
anese sections in Peking have been for-
mally transferred to the Chinese. There
is delay on the present Italians, French
and Germans in transferring their sec-
tions in the Tartar City. The Germans
have transferred their section of the
Chinese City, all of which is now under
the jurisdiction of 10 police censors. The
British, Germans and Japanese retain
some supervision over the city, and are
responsible for the settlement of quar-
rels between foreigners.

A thousand new Japanese troops have
arrived here and nearly 4000 more are
coming to replace the force in the pro-
vince of Chi Li. The Japanese, French
and German commanders have consented
to Yuan Shih Kai's troops coming
within seven miles of the city. The
British commander has not yet decided
whether to consent or not. The British,
French and Japanese say that they will
not evacuate until the troops of the
other powers have.

Arrangements are being made for the
return of the court. Orders have been
given for the rebuilding of two large
gates of the city. The cost of this work
is estimated at 1,000,000 for each gate.
The merchants in the ruined portion of
the city are rebuilding, showing that
they expect the court to return.

Barren of Results.

Pekin, July 3.—The meeting of the
foreign ministers here was barren of
results, only matters of minor im-
portance being discussed despite the efforts
of two of the ministers to force the con-
sideration of the indemnity question,
that a satisfactory reply might be given
to China in accepting the offer of 450,-
000,000 taels at 4 per cent interest.

Mules Dying of Charbon.

Vicksburg, Miss., July 3.—Dr. Sol
McDowell, manager of the Rich-
ardson plantation in the Delta, has arrived
direct from Bolivar county. He states
that charbon is causing a panic among
the planters in the county of Bolivar.
Honorable Charles Scott has lost 90
head of mules; Frank Scott, 30 head,
and W. J. Terrell, 50 head. Every ani-
mal that is stricken dies in 12 to 24
hours. The terrible disease is fast
spreading. Over 500 head have died in
the last 10 days in a radius of 50 miles.

Negro Congress.

Jackson, Miss., July 1.—The south-
ern negro congress met here Tuesday in
the hall of the house of representatives.
Delegates were present from nearly
every state in the south. The congress
is expected to continue three days. Rev.
T. E. Topp of Jackson was elected pres-
ident and W. E. Noble of Galveston,
Tex., secretary. The congress is to en-
courage the negroes of the south to re-
double their efforts along industrial
lines.

Gave Birth to Triplets.

Bryan, Tex., July 3.—W. H. Reding,
from the Willow Hole community, in
Madison county, reported that triplet
sons were born to Mr. and Mrs. Henry
Seay of that neighborhood. The boys
are all doing well and it was estimated
that they weighed seven pounds each.

Will Return to Work.

ATTEMPTED TO ESCAPE.

Prisoner Jumps from a Train Running
Forty Miles an Hour.

Pine Bluff, Ark., July 3.—Sheriff T.
S. White of Waynesboro, Tenn., passed
through Pine Bluff Tuesday with the
remains of William Nard. Nard was
wanted at Waynesboro for murder in
the first degree. He had been captured
at Waco, Tex., being at large as a re-
sult of a second escape from the Way-
nesboro jail. Nard and the sheriff were
occupying seats together on the Cotton
Belt train, Nard being handcuffed to
White who fell asleep near Stamps, Ark.
Nard slipped his hand through the cuff
passed to the car platform and while
the train was going at the rate of 40
miles an hour, jumped from the plat-
form. His head struck the rail and he
was instantly killed. Nard was white
and aged about 40 years.

TEXAS NEWS.

Explosion in Penitentiary.

Huntsville, Tex., July 3.—An ex-
plosion occurred at the powerhouse in
penitentiary walls Tuesday, a negro
convict of the name of Ed Bouldin be-
ing instantly killed. Engineer Atkin-
son says that the fire was started in the
boilers as usual and the furnace heated.
When the oil was turned on the pump
became impaired and was shut off for
regulation. In the meantime the fire
in boiler died out and when the pump
began to work the negro fireman failed
to shut the oil valve and the oil pumped
in made gas, which exploded when the
torch was lighted, blowing off the door
to the furnace, which struck the convict
about the head, killing him instantly.

Itasca's Cotton Mill Starts.

Itasca, Tex., July 3.—The Itasca Cot-
ton mill manufactured its first cloth on
Tuesday. The event was not marked
by any ceremonies, but in the course of
the day many persons called at the big
plant to witness the process of manu-
facture. The first lot of cloth, which
consists of an excellent grade of sheet-
ing, was cut up into small pieces and
distributed as souvenirs. Cotton from
which this cloth was made was raised
in sight of the mill.

Arizona Town Burned.

El Paso, Tex., July 3.—A dispatch
from Williams, Ariz., says the town of
Williams, so far as the business portion
is concerned, is practically wiped off the
face of the earth. Fire broke out in the
store of T. A. Fleming from a lamp
that was left burning on account of a
defect in the electric light plant. The
most conservative estimate place the
loss at \$500,000. A very small part cov-
ered by insurance.

Perhaps Mortally Wounded.

Waxahachie, Tex., July 3.—J. J.
Wable of Forrester was perhaps mor-
tally wounded at that place Monday
night. He became engaged in a diffi-
culty with three young men and before
any one could interfere he was cut three
times in the abdomen. Physicians say
he cannot recover. James Born, who
lives near Italy, is in jail. Wamble is
a barber.

Accident Cost His Life.

Gainesville, July 3.—William Stone,
a prominent cattleman of the Indian
Territory and a prominent citizen of
this place, died here from the effects of
injuries received three weeks ago while
he was chasing a wolf on his ranch
near Duncan, I. T., when his horse
stumbled. He rallied at intervals, but
never fully regained consciousness.

Tried to Swim the River.

Bonham, Tex., July 3.—Two men
started out together in an attempt to
swim across Red river north here Sun-
day afternoon. When nearly to the op-
posite bank one of the men, Mr. Reed,
became exhausted and was drowned.
The other man barely had strength
enough to reach the bank.

Accidentally Killed.

Beeville, Tex., July 3.—John Ray-
mond, a prominent young saddler, was
accidentally killed while making a scab-
bard for a pistol, the weapon being dis-
charged in some manner and the ball
entering the breast, death being instan-
taneous. No one was in the building at
the time. Deceased leaves a bride of
three weeks.

Charbon Disappearing.

Kountze, Tex., July 3.—The charbon
which has prevailed in this portion of
Hardin county for the last three or four
weeks, is subsiding and it is thought
will now disappear on account of there
being an abundance of fresh water for
stock to drink.

Windlass Broke His Neck.

Sulphur Springs, Tex., July 3.—Geo.
Clifton, while assisting in digging a
well on his father's farm, 15 miles south-
west from Sulphur Springs, was acci-
dently killed. The windlass got away
from him and struck him in the neck,
breaking it.

Scurry's Order.

Austin, July 3.—Adjutant General
Scurry has issued his official order com-
manding the Texas volunteer guard to
assemble in this city on July 19-27 for
the annual camp of instruction.

Watermelon Crop a Failure.

Paris, Tex., July 3.—Farmers report
the watermelon crop almost a failure.
Bugs ate up the early vines and dry
weather has knocked out the later ones.

Prohibitionists Won.

Leesville, Tex., July 3.—The prohibi-
tion election held for Leesville school
district resulted: For prohibition 138,
against 36.

Ex-State Senator Killed.

Saginaw, Mich., July 3.—Hon. George
Davenport, an ex-state senator and one
of the most prominent men in this sec-
tion of Michigan, was killed by light-
ning.

HOT WAVE STILL ON.

Reports Increase the Number of Deaths
and Prostrations.

Washington, July 3.—Reports re-
ceived at the weather bureau in this
city from throughout the area occupied
by the intense heat show a continua-
tion of high temperatures save in a few
favored localities where more moderate
weather resulted in consequence of
thunder storms or other local atmos-
pheric disturbances. No immediate re-
lief of a substantial character is in
sight. The rainfall reports show that
there has been precipitation throughout
the affected area varying from less than
a hundredth of an inch in many places
to almost an inch. Generally speaking
the thunderstorms which have come
are what are known as "dry storms."

Indications for the next 24 hours are
for a large portion of the heated area
for cloudy weather. Rains will bring
only partial relief. The predictions of
officials here is that the temperature for
the next 40 hours will show a fall of 4
or 5 degrees, but they will still climb
above 90 again in most places. The At-
lantic coast will get some relief from a
West Indian disturbance which is now
moving northward.

Phoenix, A. T., had the highest tem-
perature Tuesday, the thermometer re-
gistering 105, while at Philadelphia it
was again at 102; at Atlantic City, 85;
Boston, 94; Chicago, 94; Cincinnati, 92;
Davenport, Ia., 92; Des Moines, 94; In-
dianapolis, 94; Kansas City, 100; Mem-
phis, 94; New Orleans, 92; North Platte,
92; Pittsburg, 94; Salt Lake, 92; St.
Louis, 95; Springfield, Ills., 96; Vicks-
burg, 94.

At Washington the maximum was 94.
There were a dozen heat prostrations
and five deaths on Tuesday.

The following is the record for Tues-
day:

New York—Twenty-two deaths, 328
prostrations.

Pittsburg—Fifty deaths, 293 prostra-
tions.

Philadelphia—Seventy-two deaths, 335
prostrations.

Baltimore—Twenty-three deaths, 49
prostrations.

Cleveland—Five deaths, 18 prostra-
tions.

Toledo—Five deaths, 11 prostrations
Cincinnati—Two deaths, 16 prostra-
tions.

Brooklyn—Sixty deaths, 150 prostra-
tions.

Detroit—Three deaths, 12 prostra-
tions.

Chicago—Two deaths, nine prostra-
tions.

St. Louis—Four deaths, seven prostra-
tions.

Seven Days of Heat.

Boston, July 3.—This city entered
upon the seventh day of oppressive heat
with the thermometer at 86 at 8 o'clock
a. m. Two deaths and two prostrations
were reported in the city during the
morning. During the six days of ex-
cessive heat which have prevailed in
New England before today nearly 100
deaths have occurred, which have been
attributed to weather conditions. Of
this number 14 died in Boston. The
number of prostrations in New England
will reach several hundred. In Boston
there have been nearly 150.

Rain at Pittsburg.

Pittsburg, July 3.—The torrid wave
was broken at 9 o'clock this morning by
a rain. The mercury dropped from 81
degrees to 77 in a few minutes and in-
dications point to a still further declina-
tion, as what promises to be a steady
rain has set in. Two deaths were re-
ported up to 9 o'clock. Eighty-six
deaths attributable to heat have oc-
curred in Pittsburg since last Wednes-
day. Of this number 64 have been re-
ported since Sunday night.

Not so Hot.

New York, July 3.—It was not as hot
in this city as Tuesday, but the per-
centage of humidity is greater. At 9 o'clock
the weather bureau thermometer showed
the temperature to be 85 degrees as
compared with 93 at the same time on
Tuesday. The percentage of humidity
was 72. Tuesday morning it was 59.
From 2 to 9 a. m., 11 deaths due to the
heat were reported in New York and
Brooklyn.

No Fatalities.

Cincinnati, July 3.—No prostrations
and no deaths from heat have been re-
ported. The total number of deaths
from heat so far is 19; total number of
prostrations, 142. This includes Cov-
ington and Newport, Ky.

Still Increasing.

Baltimore, July 3.—Up to 8 o'clock
this morning 38 deaths from heat and
80 prostrations from the same cause
have been reported in this city during
the present hot spell.

No Break in Sight.

Washington, July 3.—The weather
bureau reiterates the announcement
that there is no permanent break in the
hot spell in sight. Sixteen deaths in
the past six days have been either di-
rectly or indirectly attributable to the
heat in this city.

Rain in Cleveland.

Cleveland, July 3.—A gentle rain be-
gan falling here and as a result the tem-
perature fell 76 degrees. During the
past five days 16 deaths and 60 prostra-
tions from heat have been reported.

Ninety-one in Philadelphia.
Philadelphia, July 3.—The total num-
ber of deaths from heat in this city
since the beginning of the present
hot spell is 91.

Four Prostrations.

Kansas City, July 3.—Four prostra-
tions, one of whom has died, was re-
ported. Weather officials here promise
no immediate relief.

Where do You Get Off?

It is a wise thing to know when to get off a train, but prudence would suggest that you get off when the train is standing still, as you would no doubt be worth more to your family by doing so.

Now let us help you to decide where to get off. If you are preparing to take your summer vacation, why not get off at Galveston, La Porte, Seabrook or Port Lavaca. Our trains all stop at Houston and make close connections with G. H. & N. and N. Y. T. & M. railways for points mentioned, and with the San Antonio and Aransas Pass Railway for Rockport, Corpus Christi and Aransas Pass.

All the hotels at these points are modern in their appointments and you will find the surf bathing, boating and fishing, just what you need in the way of relaxation. Local Agents of the Houston & Texas Central Railroad will be glad to quote you rates, or you should write to

Homeseekers' Excursion.

On July 2d and 16th, August 6th and 20th, and September 3rd and 17th the H. & T. C. R. R. will sell from all stations, round trip Homeseekers' tickets to all points in California, at rate of one first-class limited fare, plus \$2. The going transit limit on these tickets will be fifteen days, and the final limit leaving destination twenty-one days from date of sale.

This line is equipped with first-class sleepers and free chair cars to Houston, making direct connection with the Southern Pacific Sunset Route for California, which operates through excursion sleepers.

In addition to this, through sleepers are operated between Houston and Denver, via the Ft. Worth and Denver Road, from which point connections are made with trains for California.

Ask your local agent for rate or write

CROSS.

Cross, Texas, July 2—The past week has been very favorable for growing crops with several showers during the week. Corn will make a fair crop in this section if it does not rain any more. Syrup cane is good, peas, potatoes and melons are all doing fairly well. Our hay crop will not be as good as last year. Cotton is all right so far. Most everybody is done work and enjoying a hunting and fishing trip.

The infant of Mr. Joe Taylor, also Miss Cora McDuffie have been on the sick list for the past few days.

We are sorry to hear of the death of the infant of Mr. and Mrs. Akins which occurred last Friday. Correspondent.

MR. HULL'S OPINION.

He Calls the Provincial Governments "Hot House Plants."

SALARIES TOO HIGH

Commissioners Agree With Him—The Natives Are Dissatisfied as to Affairs—Troops Remain in the Islands.

Manila, July 3.—Congressman Hull of Iowa, who accompanied General Chaffee on his southern tour, characterizes the newly established provincial governments as "hothouse plants, unable to withstand adverse conditions." He said to a correspondent of the Associated Press that there will be many difficulties under the dual civil-military government, which is to be inaugurated tomorrow. Mr. Hull believes their natural richness insures eventual prosperity to the islands, but he is convinced from a conversation with the governors and many army officers that disturbances in the southern provinces in connection with poverty and other obstacles will prevent the successful collection of taxes. He believes the salaries, excepting those of clerks and minor employees, are too high, from commissioners downward, and that the provinces ought to have far larger areas and fewer officers.

United States commissioners agree with this, but have deferred to the wishes of the inhabitants. Hull approves of the provincial laws, but is of the opinion the bulk of the territory should be under military government until absolutely pacified and cleared of Ladrone. He is convinced the natives in general are not concerned about the government. These views are typically those of the generality of the army officers. American civilians, as a rule are not inclined to wait a fair trial of the experiment of partial self-government and neither natives nor army officers are in favor of any removal of troops.

General Sumner urges that the native police of Tayabas province ought to be disbanded or controlled by the military government.

Colonel Gardiner of the province insists upon controlling police. The pending bill for the organization of the entire insular police provides for civil control of the police and army officers predict clashes unless the military control the police in the disturbed localities.

CONDITION OF CROPS.

There Was Some Improvement in Some of the States.

Washington, July 3.—The monthly report of statisticians of the department of agriculture will show the average condition of cotton June 25 at 81.1 as compared with 81.5 on May 20, 75.8, July 1, 1900, 87.8. At the corresponding dates of 1899, a 10-year average of 86.3 and 16-year average of 87.5. A condition of 81.1 is, with the exception of July condition reported last year, the lowest recorded condition reported at this season. Condition in the principal states are reported as follows: North Carolina, 77; South Carolina, 70; Florida, 78; Alabama, 80; Mississippi, 86; Louisiana, 84; Texas, 86; Arkansas, 84; Tennessee, 60; Oklahoma, 91. Indian Territory, 88.

There was an improvement during June of 2 points in Texas, 3 points in Arkansas, Oklahoma and Indian Territory, 4 in Alabama, Mississippi and Louisiana and 7 in Tennessee.

On the other hand there was a decline of 8 points in Georgia and Florida and 10 points in North Carolina and South Carolina. With the exception of Mississippi, where the reported average condition is one point above the mean of averages reported on July 1, in that state for the last 10 years and in Oklahoma where figures available for comparison cover only six years. Condition throughout the cotton belt is compared unfavorable with the 10 year averages.

Injunction Granted.

Cincinnati, July 3.—Upon application of the Metal Trades association, Judge Thompson of the United States district court, granted a temporary injunction against the striking machinists. The temporary injunction was allowed until Judge Clark can return from Chattanooga, when argument will be heard for a permanent injunction.

Advance in Linseed Oil.

Cleveland, July 3.—Another advance was announced in prices for linseed oil by the American Linseed Oil company. The wholesale price is now 80 cents per gallon in single barrel lots, an increase of 15 cents a gallon since June 1. The jump in prices was seven cents per gallon. The increase for the last month has been about 25 per cent.

Rowing Club Races.

London, June 3.—In the first heat for the Grand Challenge cup, the Leander Rowing club beat the New College, Oxford. In the second heat the Pennsylvania university beat the London Rowing club.

Merchant Killed.

Leipzig, July 3.—Herr Schedler, a merchant of this city, drowned himself at Zwickau. His suicide was the result of the failure of the Leipzig bank.

France and Nicaragua are negotiating a treaty of commerce.

REASON FOR DELAY.

New Estimates Are to Be Made on the Isthmian Canal.

New York, July 3.—Admiral Walker, head of the Isthmian canal commission, is quoted by the Washington correspondent of The Press as saying that the reason why the final report of the commission is not ready is because of unavoidable delay on the present draftsman and the necessity of making new estimates based on data brought by the last surveying party. It was announced some time ago that the final report of the commission would be given out about July 1 and although there may have been some delay by the draftsman and some slight changes consequent upon the data received it is said in some quarters that a delicate question has come up for solution which must be disposed of before the report can be made public.

This question pertains to the policing of the water route of the proposed canal, for the maintenance of order and security and protection of property in a comparatively small area, where nearly 30,000 men will be employed.

It is understood that members of the commission have decided that the United States should have policing power over an area 12 miles wide from ocean to ocean. If this is asked for from Colombia it will include two large cities, but special arrangements can be made in relation to them. It is understood that a suggestion has been made to the Colombian government that this concession of power would be asked from it and that the subject has been taken under advisement in Bogota.

The Colombian government is slow to agree to such a proposal, fearing it might involve a permanent concession which it is not ready to give in consequence of the stage of the canal project. The United States has given assurance that the policing power which it might wish to exercise would pertain only to the limited area along the canal and there would be a definite understanding for its expiration with the completion of the construction work. Naturally the entire arrangement is tentative because of the lack of definite legislation by congress providing for the canal.

It is made more difficult because of the unwillingness of this government to enter into a definite treaty with any of the isthmian countries until congress shall have definitely decided upon which one of the proposed routes the canal will be constructed.

Broke Through the Roof.

Washington, July 3.—The great palm in the northwest corner of government botanical garden has again broken through the roof. This is the thirteenth time in the last 20 years that the palm has broken through the confining plates of glass and kept in touch with the American spirit of expansion. The palm has been in the government greenhouse for the last 45 years, and in its trunk has a diameter of 16 inches. As now confined the spread of its leaves is almost 20 feet. Five years ago, when it broke through the roof before a hole 11 feet deep was dug and the palm allowed to slip into it. Now there will be no alternative for the gardeners in charge but to build a new roof over the palm as soon as the cold winds begin to blow. It is a wild date, estimated to be 75 years old, and the largest of its kind in any greenhouse.

Lord Roberts Testified.

London, July 3.—Lord Roberts testified before the royal commission, which is considering the claims of foreigners deported from South Africa. The commander-in-chief dealt with the plots against his life and the deportation of the ringleaders. He said the officers and employees of the Netherlands railroad were so hostile to the British that many of them had to be deported. Every consideration was shown them. He personally investigated a majority of the cases and sanctioned none unless on adequate grounds. No difference was made on account of nationality.

Got His Old Place.

Washington, July 3.—Major O. L. Pruden, former assistant secretary to the president, who was appointed paymaster in the regular army in May, has resigned his position in the army and has been reappointed to his old position of assistant secretary to the president. This is the office to which the late Adelbert S. Hay was to have been appointed. Major Pruden has abandoned his career in the army on account of personal business reasons to assume his former duties at the White House.

Freight Handlers' Strike.

St. Louis, July 3.—The strike of the freight handlers in the railroad yards in East St. Louis has spread and now 1700 men are out. Not a wheel is moving among the freight sheds and 3000 freight cars are ready to be unloaded. Many of these contain fruit, vegetables and other perishable goods.

Hotel Burned.

Richmond, Va., July 3.—The Homestead hotel at Virginia Hot Springs in Bath county, was totally destroyed by fire. All the occupants escaped, but many of the guests lost their valuables. Its origin is unknown.

Addison Brown Resigned.

Washington, July 3.—Addison Brown, United States district judge for the southern district of New York, has resigned. His resignation was handed to the president by Attorney General Knox.

Bank Suspended.

Mansfield, O., July 3.—The Sturges bank has suspended.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.
